Dear Paul,

When you told me that Rintels was too deeply occupied with a Watergate show of 8 hours duration I believed this was exceptional and from what you had earlier said of him probably something unusual.

You may no know more now than was reported in the WxPost during my absence in Wisc. It then carried a story reporting that Rintels had scripted 8 hours of Ehrlichman's book and that it would be a mini-series on TV.

The account did not give dates, ehtings like that.

So I do not know when it will be aired. As I understood the account the shows are not yet in the can. If filming has begun. I believe not. I've mislaid the story.

Lil did clip it for me. Best HW 11/19/76
